Description

Good Condition, Good Bore, Adjustable butt pad, top and bottom rails, Unsighted barrel, reliable. A well looked after 1200TX, being reluctantly sold by it's current owner. The heavy target barrel's blacking is in good condition, as is the finish on the action. The floor-plate magazine opens and closes positively and the spring is strong. The sights have been removed but a dovetail fitting at the muzzle and a long Picatinney rail are attached and included. The bolt face shows very little wear and the extractor is in good condition. The stock has good colour and is in general good condition. There is an adjustable butt pad fitted. A bottom rail is in place and included.
