Beretta 695 12 Bore/gauge Over and under

£ 2,495

Description

Price Reduced Proofed for HP Steel, 32" Barrels, Weighted stock, Striking colour and grain, Multi-Choke. Top quality 12g Over Under with 32" barrels. The blacking of the barrels is in top condition with only blemishes in the area normally hidden by the fore-end. The internal bore is clean and bright with no blemishes and the ejectors are strong. The barrels have CIP Fleur-de-Lys marks and are suitable for HP Steel shot (with correct chokes). The action has fine, deep engraving that is laser cut and hand finished. The stock and fore-end are striking both in grain and colour, although there is evidence of a chip being filled on the right of the stock, just behind the pistol grip and the price has been adjusted to reflect this. The stock contains weights, which are easily adjusted to get the balance of the gun just right. Can be seen anytime by appointment in Alton, Hampshire or sent to your local dealer from £35. Not for Export - Anywhere.
